Term 2 Week 2

We have had a very busy start to term 2 with the students representing at the Nyngan ANZAC Day Service and march. The students always look forward to this day and reflect on the sacrifice made especially of the men and women in our area. Resilience, strength and determination are all characteristics the students identify with and try to practice in their daily lives.

Term 2 has seen the start of the implementation of THRASS (Teaching, Handwriting, Reading & Spelling Skills) a system that is based on sound to text, which our very visual learners have taken to straight away. I look forward to seeing the progress the students make, if what we have seen so far is anything to go by.

Sadly ☹ the Josephs Family will be leaving our school community in June. We will greatly miss Sophia's hard work as SAM and Ruby and Harry's happy faces each day. Fortunately Kellie Turnbull will take on the SAM role and Niki Cooper will fill the GA and cleaning positions.

Thank you to all the parents who value our school and are prepared to keep the wheels turning to enable to keep the education of our children front of mind.

Cross-country training has started with the students practicing each morning. Cross-country will be held in Hermidale on the 25th May.

Premiers Reading Challenge is still running. All the students are participating and enjoying reading a variety of books. Keep up the great work and remember to write the books on your list.

Bogan Bush Mobile will be visiting the school on 12th May 10am to 12. Please bring your young ones along for a great time.

Upcoming Dates

May
